Senator C. D. Sullivan said to the women today:

"I have always been with you. You say you have McCoy and McCombs. Get Murphy and you will have the whole Democratic party."

LAWYERS PLEASED WITH
LASKEY'S APPOINTMENT

Nomination of Washingtonian for District Attorney, Sent Senate Yesterday, Strikes Popular Chord.

COURT VACANCY STILL OPEN

The nomination by President Wilson of John E. Laskey, of this city, for the district attorneyship to succeed Clarence S. Wilson struck a popular chord. The President's choice was commended yesterday by many lawyers, who have known Mr. Laskey for years. The nomination went to the Senate yesterday.

Mr. Laskey is one of the best known members of the local bar. He was born in this city forty-six years ago. He received his early education in the public schools, finishing at Columbia University. He was admitted to the bar in 1890 and two years later was appointed Assistant District Attorney. In the five years he spent in that office he acquired a thorough knowledge of criminal law. He was professor of law in Washington College of Law from 1900 until 1910 and since then has been instructor of criminal law at Georgetown.

For years he was a member of the committee of the District Bar Association which examined applicants for admission to the bar, and was secretary of the association for a long time. A year ago he was honored with the presidency of the association. He is a member of the University, Lawyers' and Press Clubs.

The President has not yet filled the vacancy on the District Supreme Court bench. Commissioner Siddons is believed to be still the President's choice for the place.

Local thundershowers will continue Saturday and Sunday in the Southern States, but elsewhere east of the Mississippi River the weather will be generally fair. In the West the weather will be unsettled, with thundershowers Saturday in the Rocky Mountain region and the Northwest, probably continuing Sunday, except in the extreme Northwest, and retreating into the Plains States and the Missouri and Upper Mississippi valleys. In the far West fair weather will prevail Saturday and Sunday.

It will be warmer Saturday in the Missouri Valley, and by Sunday in the Ohio and Upper Mississippi valleys, the Upper Lake and Western Lake region. It will be somewhat cooler Sunday in the Northwest, while in the East and South temperatures will be more moderate.

The Town Crier

Corporation Counsel Conrad Syme has come to Labrador to spend his vacation. He left yesterday for Boston.

Thelma Simmons, fourteen years old, of Mitchellville, Md., was brought to Emergency Hospital yesterday suffering from a fractured index finger on her right hand, received when accidentally caught in an ice cream freezer.

Miss Pet Butler, twenty-three years old, 421 Fourth street northeast, was overcome by heat yesterday noon at North Capitol street and Massachusetts avenue. She was removed to Casualty Hospital.

Alexander C. McLennan, proprietor of a Thirteenth street hotel of that name, will appear in Police Court this morning to answer a charge of violating the excise law by selling intoxicants on Sunday. Policeman Edgar Downs, of the First precinct, is bringing the case.

Leroy Sidney, twenty-two years old, 1513 Kramer street northeast, is at Casualty Hospital in a serious condition as a result of injuries received yesterday afternoon, when he was struck by a trolley pole near Forty-fourth street northeast. He was riding on the running board of a Benning car. He sustained a fracture of the right shoulder and internal injuries.

Commissioner Oliver P. Newman, who also is a member of the Public Utilities Commission, when asked last night about the report the commission is considering the establishment of a subway at Fifteenth street and New York avenue for the relief of traffic, said he knew nothing of it. It was reported Corporation Counsel Conrad Syme had gone to Boston to study the subway there, but this is not true, as Mr. Syme is now on his way to Labrador to spend his vacation.

Acting Coroner Charles S. White yesterday issued a certificate of accidental death in the case of Samuel L. Willett, 34 Q. street northeast, whose body was recovered from the Tidal Basin late Thursday afternoon. Willett was forty-eight years old and a brother of W. T. Willett, of the real estate firm of Willett & Reinecke. It is believed by the police that Willett accidentally fell into the basin and was drowned.

Lone French Dragoon Holds
Town Against German Army

Paris, Aug. 21.—A story worthy of Dumas or Balzac is told by Le Matin. In a recent skirmish in Alsace a French dragoon's horse was killed and he was wounded by the fall and left for dead on the field.

Some hours later a French patrol found him on foot at the entrance to the village.

"What are you doing here?" the officer of the patrol demanded sternly.

"Oh, I am occupying this village," was the answer. "I was waiting for you to come. The Germans are in the woods yonder, but they dare not enter the village while I am here, because they won't believe that I am alone."

HER STAGE CAREER BLIGHTED

Pretty Genevieve Woodin Will Now
Have to Go Home to Papa.

Lured by a desire to go on the stage, Genevieve Woodin, a seventeen-year-old girl from Norfolk, Va., came to Washington to join a theatrical company.

She saw an advertisement, and was successful in getting employment here. She was beginning her first lessons in tap, step, and song when Detectives Larry O'Dea and James Springman arrested her as a fugitive from her parents.

Tears streamed down her face when she told the detectives she ran away from home because she had been mistreated by her father.

"I wanted to be an actress, that I might be independent. Put me anywhere, but don't send me back home," she pleaded as she was taken to the house of detention to await action of the Norfolk police.
